

## How can you give?

The easiest way to give is online at <http://donate.gdst.net> where you can set up a regular Direct Debit or make a single gift. Alternatively, please complete the enclosed form to make a donation by cheque, credit or debit card, Charities Aid Foundation (CAF) voucher or to set up a regular Direct Debit, and return it in the pre-paid envelope. You can choose to allocate your gift to a specific project or on an unrestricted basis. Funds received on an unrestricted basis will be allocated by the school to where the need is greatest. Once a project is completed any remaining monies will be allocated to other projects at the school's discretion.

For more information please contact Denise Woodfield on [annualfund@bro.gdst.net](mailto:annualfund@bro.gdst.net) or 020 8781 7000

# Annual Fund

2015/16

Since its introduction little more than five years ago, the Annual Fund has made a significant contribution to the special projects which make a Bromley High education so distinctive and such fun.

Over the last two years, the generosity of parents, alumnae and friends has helped to fund the magnificent floodlights which have allowed us to extend our sporting provision well beyond the confines of the school day and has funded the beautiful new outdoor play equipment for the Early Years which will be installed this half term.

We are very grateful to all those friends and members of the school community who choose to support projects which give a distinctive difference to the quality of education enjoyed by our girls.

## Why should you give to the Annual Fund?

Perhaps you're an alumna and want to give something back? Maybe your child is leaving and you want to recognise their time at the school? Or your child is enjoying their time at the school, you can see how these extras will make an already great education even better and you're in a position to give a small amount to the school. Whether it's £5 a month or a one off donation of £500, whatever amount you are able to afford will be greatly appreciated.

There are projects that we would like to fund that cannot be covered by fees, but we think they will really benefit our pupils and so we ask our parents, alumnae and friends to help.

We want the Annual Fund to involve the whole school community helping to fund projects that will give pupils the opportunity to grow in all aspects of their lives.

## What can you help to achieve this year?

Now our project for the Music School becomes our exclusive focus. Amidst the cluttered chairs and tired hangings of the eighties auditorium, a beautiful performance space is fighting to get out. This term we will commission plans to show how this tired space can be transformed.
