

# DON'T JUST TAKE OUR WORD FOR IT...

In March 2014, we received a visit from the Independent Schools Inspectorate (ISI), who inspect and report on every Independent School in the country. Inspectors were in school for the best part of a week which can be a gruelling process for staff. We are absolutely delighted with the outcome of the inspection, confirming our belief that Croydon High really is an outstanding school in every sense. If you would like to read the full report it can be found on our web site at [www.croydonhigh.gdst.net/Latest-News-Stories](http://www.croydonhigh.gdst.net/Latest-News-Stories)

*“Pupils personal development is excellent.”*

*“The quality of pupils’ achievements and learning is excellent.”*

*“Good quality teaching makes an effective contribution to pupils’ learning and achievement, as do their very positive and enthusiastic attitudes, their excellent behaviour and the relationships they enjoy with the staff and each other.”*

*“A-level results in 2013 showed progress which was higher than that achieved in previous years, with over four-fifths of grades being A\* to B.”*
