

Grand Rapids High School Invitational

April 18, 2015

Finals 1500m (heats 1000m) against the current, headwind

Following a good week rowing on Lake Maxinkuckee,, Culver was the only out of town team attending, and due to the early morning start and lack of gym housing available we reduced the number of athletes we traveled with, in addition to some rowers taking the ACT. We would have taken a second boys novice 8 and a boys junior 8 but were limited by affordable motel space. The athletes that attended did very well. In six events, Culver won five of them and placed third in the remaining event. To cap off the day the two Culver varsity eight remained on the water and competed in a 500 meter sprint following their final. Both CMA and CGA won both the final and the 500 meter dash.
