## **SAFEGUARDING AND PROMOTING THE WELFARE OF CHILDREN IS EVERYONE'S RESPONSIBILITY**

Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. All professionals should ensure that their approach is child centred: this means considering at all times what is in the best interests of the child.

Staff members must raise any safeguarding concerns with the designated safeguarding lead or deputies without delay. Concerns must be logged with:

### **Designated Safeguarding Lead (DSL):**

Ms Kate Bainbridge (Head of Sixth Form)

[kate.bainbridge@emanuel.org.uk](mailto:kate.bainbridge@emanuel.org.uk)

020 8875 6922

### **Deputy DSL:**

Mr Ravi Kothakota (Deputy Head: Pastoral)

[ravi.kothakota@emanuel.org.uk](mailto:ravi.kothakota@emanuel.org.uk)

020 8875 6929

### **Deputy DSL:**

Mr Shaun Andrews (Head of Middle School)

[shaun.andrews@emanuel.org.uk](mailto:shaun.andrews@emanuel.org.uk)

020 8875 6952

### **Deputy DSL:**

Ms Hannah Windsor (Head of Lower School)

[hannah.windsor@emanuel.org.uk](mailto:hannah.windsor@emanuel.org.uk)

020 8875 6956

If the designated safeguarding lead or deputies are not available, staff should not delay in taking appropriate action. Staff should consider talking to the **headmaster** and / or taking advice from the school's local childrens' social care – the Initial Point of Contact (IPOC).

### **Headmaster**

Mr Robert Milne

[robert.milne@emanuel.org.uk](mailto:robert.milne@emanuel.org.uk)

020 8875 4171

**Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care at IPOC (and if appropriate the police) is made immediately.**

Staff members should ensure they are prepared for the referral with clear details of their concern and the child's name, DoB, address and contact details for parents/carers.

Referrals to the **Wandsworth Initial Point of Contact (IPOC)** can be made by:

Telephone: 020 8871 6622

e-mail: [ipoc@wandsworth.gov.uk](mailto:ipoc@wandsworth.gov.uk)

IPOC is in operation Monday – Friday 9.00am to 5.00pm. At other times please contact the Out of Hours Duty Service on 020 8871 6000.

## Emanuel School

The IPOC team will use the Signs of Safety framework to analyse the information and decide on the level of need. Those assessed as having level 3 and 4 risk on the London Continuum of Needs threshold will go for a Children and Families Assessment (Section 17 or 47). Those at level 1 or 2 will go to the Early Help Pathway Team. Those where the level of risk is not clear will go to the MASH team for further investigation and discussion to help determine the level of risk.

**MASH team** 020 8871 6622  
outside office hours or at week-ends: 020 8871 6000

## Emanuel School

### **Introduction**

This is the Safeguarding and Child Protection Policy of Emanuel School (**school**) which is part of the United Westminster Schools Foundation (**charity**).

This policy applies to the whole school and at all times including where pupils or staff are away from the school. This policy applies to core school activities and to out of hours and commercial activities.

The governors and staff of Emanuel School fully recognise the responsibilities and duty placed upon them to have arrangements to safeguard and promote the welfare of all pupils at the school and others who come into contact with it. The school recognise that all staff, including volunteers, have a full and active part to play in protecting pupils from harm.

This policy is designed to address:

- the charity's charity law safeguarding duty to:
- provide a safe and trusted environment which safeguards anyone who comes into contact with it, including beneficiaries, staff and volunteers;
- set an organisational culture that prioritises safeguarding, so that it is safe for those affected to report incidents and concerns with the assurance they will be handled sensitively and properly;
- have adequate safeguarding policies, procedures and measures to protect people;
- provide clarity as to how incidents and allegations will be handled should they arise, including reporting to the relevant authorities, such as the Charity Commission; and
- the specific obligations on the school to safeguard and promote the welfare of children, as defined below.

Safeguarding and promoting the welfare of children is defined as:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Safeguarding is safeguarding and promoting the welfare of children (as defined above) and promoting well-being and welfare by protecting the rights of adults to live in safety, free from abuse and neglect.

Reference to **staff** includes all those who work for or on behalf of the school, regardless of their employment status, including contractors, volunteers and governors unless otherwise indicated.

The school believes that it should provide a caring, positive, safe and stimulating environment in which pupils can learn and which promotes the social, physical and emotional wellbeing of each individual pupil, and which takes a child-centred approach.

The school recognises its responsibilities and duties to report child protection (CP) concerns to the social work service within Children's Services and to assist Children's Services in child protection enquiries and in supporting children in need. The school procedures are in line

## Emanuel School

with those agreed by the Wandsworth Safeguarding Children's Board, the LA and the Secretary of State. See page 20 for details of the procedures at Emanuel School.

This policy is in line with the Children Act (1989), the Education (Independent School Standards (England) Regulations 2014, the Equality Act 2010, the Protection of Freedoms Act 2012, the Children and Social Work Act 2017; the Data Protection Act 2018 and General Data Protection Regulation and the guidance documents 'The London Child Protection Procedures' March 2017, 'Working Together to Safeguard Children' July 2018, 'Keeping Children Safe in Education' September 2018, 'Revised Prevent Duty Guidance for England and Wales' July 2015 and 'Multi-agency statutory guidance on female genital mutilation' April 2016. See Appendix 6 for further relevant guidance and advice.

### **Aims**

- To actively promote and safeguard the welfare of pupils, staff and others who come into contact with the school.
- To raise awareness of all school staff of the need to safeguard all children and of their responsibilities in identifying and reporting possible cases of abuse.
- To emphasise the need for good communication between all members of staff in matters relating to safeguarding and child protection.
- To develop a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse.
- To provide a systematic means of monitoring pupils known or thought to be at risk of significant harm or where there are ongoing concerns.
- To work openly and in partnership with parents in relation to child protection concerns, where parents are not the cause of those concerns.
- To support all pupils' development in ways that will foster security, confidence and independence.
- To promote safe practice and challenge poor and unsafe practice.
- To further develop and promote effective working relationships with other agencies involved with safeguarding and promoting the welfare of children.
- To ensure that all adults working within the school have been checked as to their suitability to work with children, in line with current guidance.
- To integrate opportunities into the curriculum for children to develop the skills they need to recognise and stay safe from abuse, allowing for continuity and progression through the key stages.
- To take account of and inform policy in related areas, such as anti-bullying; e-safety; discipline and behaviour; health and safety; missing children; child sexual exploitation; sexual violence and harassment between children; FGM; so-called honour based violence; anti-radicalisation; positive handling and physical intervention procedures; procedures for dealing with allegations against staff and recruitment practice.

### **Key Principles**

- The school believes that all children have a right to be protected from harm and/or abuse.

## Emanuel School

- The school will take reasonable steps to ensure that its pupils and others who come into contact with the school do not, as a result, come to harm or are exposed to abuse.
- The school recognises that abuse and neglect are complex issues and rarely stand-alone events and therefore require a culture of vigilance, professional curiosity and respectful challenge and effective recording and monitoring systems.
- The school recognises that abuse occurs in all cultures, religions and social classes and that staff need to be sensitive to the many differing factors which need to be taken into account depending on the child's cultural and social background when dealing with CP issues. However, the school also recognises that the needs of the child are paramount and any concerns will be referred on appropriately whatever the family background of the child concerned.
- The school recognises that because of the day to day contact with children school staff are extremely well placed to observe outward signs of abuse.
- The school recognises that a child who is abused or witnesses abuse or violence may find it difficult to develop and maintain a sense of self-worth, they may feel helpless and humiliated and may feel self-blame.
- The school recognises that it may provide the only stability in the lives of children who have been abused or are at risk of harm.
- The school accepts that research shows that the behaviour of a child in these circumstances may range from that which is perceived as normal to that which is overtly aggressive, disturbed or withdrawn.
- The school knows that it is important that children feel secure, are encouraged to talk and are sensitively listened to, and that children know that there are adults in school whom they can approach if they are worried or unhappy.
- The school acknowledges that (although all designated/key staff have the skills and experience to respond to a variety of situations and issues) there may be occasions where it will be appropriate to consider whether specific or additional arrangements need to be put in place where an issue is particularly sensitive due to gender issues or cultural or faith issues. This ensures that in cases of sexual abuse in particular, a pupil can be spoken to by a same sex member of staff (who has received enhanced training) if this is felt to be appropriate.
- The school adheres to the principles of working in partnership with those who hold parental responsibility for each child.
- The prime concern at all times must be the welfare and safety of the child. Where there is a conflict between the needs of the child and the parent/carer, the interests of the child must be paramount.
- The ethos of the school supports open practice, good communication and a safe culture in which children can thrive and learn.
- All staff and volunteers should feel able to raise concerns about poor or unsafe practice or potential failures in the school's safeguarding regime and know that these concerns will be taken seriously by the leadership team and dealt with sensitively and appropriately.

## Emanuel School

- All staff should only involve those who need to be involved when a child tells them he/she is being abused or neglected.
- Contextual safeguarding
  - Safeguarding incidents and / or behaviours can be associated with factors outside the school and / or can occur between children outside the school.
  - All staff, including the DSL, should consider the context within which such incidents and / or behaviours occur, for example where wider environmental factors are present in a child's life that may be a threat to their safety and / or welfare.
  - Children's social care should be informed of all such information to allow any assessment process to consider all available evidence and the full context of any abuse

### ***Information Sharing and Multi-Agency Working***

Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment and service provision to keep children safe. Fears about sharing information will not stand in the way of the need to promote the welfare, and protect the safety, of pupils, which is always the school's paramount concern.

The school has developed effective links with relevant agencies and co-operates as required with their enquiries regarding child protection matters, including attendance at child protection case conferences wherever possible and providing reports as a matter of course. The school will contribute to multi – agency assessments of children's needs where appropriate and work in a fully integrated way with other relevant services as appropriate.

The school understands that the GDPR and Data Protection Act 2018 provide a framework to ensure that personal information is shared appropriately. While the school will share information with those involved where and when it is appropriate to do so, they may be unable to for reasons of data protection and confidentiality, for example because to do so may pose a risk of harm to others or because it has been prohibited by external agencies. Refer also to the Data Protection Policy and Privacy Notices for further information.

**Project Tearose** is an information sharing agreement between the Metropolitan Police and Wandsworth Borough Schools. Emanuel School has signed up to this agreement.

If police have responded to a domestic incident and there are children in the family, the officers working on Project Tearose will disclose this incident to the child's school the following morning (Monday to Friday). The actual content of the information shared is kept to the minimum, i.e. outlining the offence, but without specific details.

At each school the information is shared securely with the designated safeguarding leads, and is treated as sensitive and confidential.

Research shows that children who are involved or who have witnessed domestic abuse are more at risk of emotional harm and potentially physical harm. The information is shared in order to ensure the safety and wellbeing of the child, and so that support can be offered to the child if necessary. The school is part of the network available to support the family and child.

### ***Curriculum input - teaching pupils about safeguarding***

The school pays particular attention to its practices, in particular through the Life Education programme, differentiated according to age and understanding of the pupil cohort, to help children adjust their behaviours in order to reduce risks, particularly online, building resilience to protect themselves and their peers, fostering healthy and respectful relationships with others and providing information about who they should turn to for help. In particular, there are sessions on sex and relationships which include amongst other things sexting, porn, child sexual exploitation and sexual bullying as well as sessions on e-safety, where children are taught to keep themselves safe on-line and understand the pupil acceptable use policy. The safe use of technology is a focus in all areas of the curriculum and key ICT safety messages are reinforced as part of assemblies and tutorial / pastoral activities.

Regarding the latter, the school is aware of the importance of placing appropriate monitoring systems and filters and that these should not lead to unreasonable restrictions as to what young people can be taught with regard to online teaching and safeguarding.

Additionally, tutors work with their charges on developing resilience to the challenges the latter will encounter in life, including mental health problems or the possibility of radicalisation.

Pupils are taught about harmful sexual behaviours, including sexual violence and sexual harassment, through PSHE education appropriate to their age and stage of development.

Pupils are given the opportunity to talk about safeguarding issues within the classroom environment and are made aware of the processes by which any concerns they have can be raised, including the processes for reporting a concern about a friend or peer, and how any report will be handled.

### ***Communication with parents/carers***

The school ensures that all parents are informed that it has a child protection/safeguarding policy and is required to follow WSCB guidelines in respect of reporting suspected abuse to Children's Social Care. The Safeguarding and Children Protection Policy is published to the school website.

Pupils and parents will be made aware of how the school's safeguarding system works and with whom they can discuss any concerns. Information will also be made available about any local and national telephone helplines.

In individual cases, parents will be notified of the schools' concerns at the earliest appropriate opportunity.

Although decisions to seek support for a child in need would normally be taken in consultation with parents and pupils, their consent is not required for a referral when there are reasonable grounds to believe that a child is at risk of significant harm. There may be circumstances when the DSL will need to consult the headmaster, the LADO, children's social care, the police and / or the pupil before discussing details with parents.

### ***Children with special educational needs and disabilities***

The school recognises that children with SEN and disabilities can face additional safeguarding challenges. The school understands that additional barriers can exist when recognising abuse and neglect in this group of children and provides additional pastoral support where needed. These can include:

## Emanuel School

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers to identify whether action under this policy is needed.

The designated safeguarding lead will work with the Learning Support department, where necessary, to ensure that the needs of SEN and disabilities pupils in relation to child protection issues are responded to appropriately (e.g. for a child with particular communication needs).

### **Online safety**

The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation: technology often provides the platform that facilitates harm. An effective approach to online safety empowers a school to protect and educate the whole school community in their use of technology and establishes mechanisms to identify, intervene in and escalate any incident where appropriate. Refer to the school's E-Safety Policy and Pupil Acceptable Use Policy for further information.

As schools and colleges increasingly work online, it is essential that children are safeguarded from potentially harmful and inappropriate online material. To safeguard pupils, the school has appropriate filters and monitoring systems in place. Refer to the school's Laptop and Mobile Device Policy and E-Safety Policy for further information.

The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

- **content:** being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, racist or radical and extremist views;
- **contact:** being subjected to harmful online interaction with other users; for example commercial advertising as well as adults posing as children or young adults; and
- **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying.

Pupils are taught about online safety as part of the Life Education programme. Refer to the Life Education Policy for further information.

### **Wellbeing and mental health**

In order to help pupils succeed, the school recognises that it plays an important role in supporting them to be resilient and mentally healthy. Some children are more at risk of developing mental health problems than others and these risks can relate to the child, their family or to community and life events. Risk factors are cumulative, and children exposed to multiple risks are more likely to develop behavioural or mental health problems

Pupils will be given the opportunity to self-refer to the school counselling services (the school counsellor or the school chaplains). Where severe problems occur the school will ensure that appropriate referrals are made (with consent) to specialist services (e.g. CAMHS). The school will ensure that pupils and their families are enabled to participate as fully as possible in

## Emanuel School

decisions and are provided with information and support. Refer to the Mental Health and Wellbeing Policy for further information.

### ***Role of the Designated Safeguarding Lead (DSL)***

The governing body ensures that an appropriate senior member of staff of the school's leadership team is appointed to the role of designated safeguarding lead. At Emanuel School this is the Head of Sixth Form. The designated safeguarding lead should take lead responsibility for safeguarding and child protection (including online safety) throughout the school. This should be explicit in the role holder's job description.

This person should have the appropriate status and authority within the school to carry out the duties of the post. They should be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings, and/or to support other staff to do so, and to contribute to the assessment of children.

The heads of school and deputy head: pastoral are the deputy designated safeguarding leads. Deputies are trained to the same standard as the designated safeguarding lead and the role should be explicit in their job description. Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for child protection, as set out above, remains with the designated safeguarding lead, this lead responsibility should not be delegated.

During term time the designated safeguarding lead (or deputy) is available (during school hours) for staff in the school to discuss any safeguarding concerns. When it is not possible to meet in person, staff can contact them by phone or email.

The deputy head: pastoral (who is deputy DSL) is the emergency contact for all school trips. If the DH:P is not available, the DSL or headmaster are the next points of contact.

In accordance with Annex B of KCSIE, key responsibilities of the DSL include:

#### Managing referrals

- refer cases of suspected abuse to the local authority children's social care as required;
- support staff who make referrals to local authority children's social care;
- refer cases to the Channel programme where there is a radicalisation concern as required;
- support staff who make referrals to the Channel programme;
- refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- refer cases where a crime may have been committed to the Police as required.

#### Working with others

- liaise with the headmaster to inform him of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations;
- as required, liaise with the "case manager" (as per Part four) and the designated officer(s) at the local authority for child protection concerns in cases which concern a staff member;

## Emanuel School

- liaise with staff (especially pastoral support staff, school nurse, IT Technicians, and SENCOs) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies; and
- act as a source of support, advice and expertise for all staff.

### Raising awareness

- ensure the school's child protection policies are known, understood and used appropriately;
- ensure the school's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing body regarding this;
- ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this; and
- link with the local LSCB to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements.

### Training

The designated safeguarding lead and deputies will be released to attend the necessary enhanced training courses to enable them to carry out their role effectively.

The DSL and deputies should undergo training at an appropriate level to provide them with the knowledge and skills to carry out the role. The deputy DSLs should be trained to the same standards as the DSL. This training should be updated every two years. They must also attend Prevent training.

Their knowledge and skills must be refreshed at regular intervals and at least annually to allow them to understand and keep up with any developments relevant to their role so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to, and understands, the school or college's child protection policy and procedures, especially new and part time staff;
- are alert to the specific needs of children in need, those with special educational needs and young carers;
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the General Data Protection Regulation;
- understand the importance of information sharing, both within the school, and with the LSCB, other agencies, organisations and practitioners;
- are able to keep detailed, accurate, secure written records of concerns and referrals;

## Emanuel School

- understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college;
- can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- obtain access to resources and attend any relevant or refresher training courses; and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

### Specific safeguarding issues

Up-to-date guidance and practical support on specific safeguarding issues will be sought where necessary.

The DSL and deputies will attend relevant training and ensure that staff are aware of issues such as child sexual exploitation, harmful sexual behaviours, child on child abuse, female genital mutilation, illness fabricated and induced, domestic abuse and honour based violence, understand the indicators and recognise the complexities of these issues for young people.

### Child Protection file

Where children leave the school the DSL ensures their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained.

In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

On receiving a child protection file, the DSL will ensure that key staff are aware as required, including the SENCO / named person with oversight for SEN.

### Child protection plans

Where a pupil at the school has a child protection plan, the school will ensure that:

- The child's social worker is notified of any pupil subject to a child protection plan who is absent from school without explanation for more than 2 days.
- Any new concern or relevant information about a child subject to a child protection plan will be passed to the child's allocated social worker without delay.
- If a child subject to a child protection plan leaves the school, records will be transferred to the new school without delay and the child's social worker informed of the change.

### Recordkeeping

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

## Emanuel School

The records created in accordance with this policy may contain personal data. The school has a number of privacy notices which explain how the school will use personal data for the benefit of pupils and parents. The privacy notices are published on the school's website. In addition, staff must ensure that they follow the school's data protection policies and procedures when handling personal data created in connection with this policy. This includes the school's data protection policy and information security policy.

The DSL ensures there is an effective recording system for safeguarding matters, which is kept securely and confidentially with access restricted to those members of staff who have a lead role.

Safeguarding concerns are recorded in 'Secure Notes' on EMA. This system is available to all staff (with access restrictions put in place where required). Any action taken and decision making rationale is recorded centrally in 'Secure Notes'.

Child protection concerns are recorded in 'My Concern'. Only the DSL and deputies, and headmaster are able to enter concerns, view and add updates to concerns stored on 'My Concern'. Any action taken and decision making rationale is recorded in 'My Concern'.

All records created in accordance with this policy are managed in accordance with the school's policies that apply to the retention and destruction of records.

### ***Governing body responsibilities***

- The governors will ensure that they comply with their duties under legislation. They will ensure that the policies, procedures and training in the school are effective and comply with the law at all times and take into account the procedures and practice of the WSCB.
- The governors will ensure that a member of the governing body (usually the chair) has been nominated to liaise with the local authority (LA) and/or partner agencies on issues of child protection and in the event of an allegation of abuse being made against the headmaster. The governors will remedy any deficiencies or weaknesses in regard to child protection arrangements that are brought to its attention without delay.
- The governors will ensure that children are taught about safeguarding, including online safety. Schools should consider this as part of providing a broad and balanced curriculum.
- The school's link governor for safeguarding and child protection is Francis Abbott.
- The school's link governor meets with the designated safeguarding lead each term and completes an annual review in the summer term which is submitted to the full governing body. This includes a review of the school's single central register. See 'Monitoring and review' below for further information.

### ***Staff (and volunteer) responsibilities***

All staff have a duty to:

- report any concerns they may have about the safety and/or wellbeing of pupils;
- report any concerns they may have about the safety and/or wellbeing of other persons associated with the school;

## Emanuel School

- report any safeguarding concerns about staff or anyone else associated with the school.

School staff are particularly important as they are in a position to identify concerns early, provide help for children, and prevent concerns from escalating.

**All staff have a responsibility to provide a safe environment in which children can learn.** The Teachers' Standards 2012 state that teachers (which includes headteachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.

**All staff are required to read this policy carefully and to be aware of their role in these processes.**

- Staff working with children are advised to maintain an attitude of '**it could happen here**' where safeguarding is concerned. When concerned about the welfare of a child, staff should always act in the best interests of the child.
- Knowing what to look for is vital to the early identification of abuse and neglect. If staff are unsure, they should always speak to the designated safeguarding lead (or deputy).
- All staff should be aware of indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. Indicators of abuse and neglect, are described in Appendix 1.
- Any staff member who has a safeguarding concern should follow the reporting and referral processes set out below. Staff should expect to support social workers and other agencies following any referral.
- Where a staff member has concerns about poor or unsafe practice or potential failures in the school's safeguarding regime, these concerns will be taken seriously by the leadership team and dealt with sensitively and appropriately. Staff may follow the school's Whistleblowing Policy or if they do not feel able to raise an issue with the school can contact the NSPCC whistleblowing helpline. Contact details are available at the beginning of this policy.

### Training

All staff will receive appropriate safeguarding and child protection training which is regularly updated. In addition, all staff receive safeguarding and child protection updates (via email and staff meetings), as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

All staff including the headmaster will receive a copy of this policy and Part 1. All school senior staff and staff who work directly with children will also be provided with Annex A of KCSIE, and will be required to confirm that they have read and understand these.

Staff development training will also include training on online safety, searching pupils for prohibited and banned items, and Prevent duty training assessed as appropriate for them by the school.

The school recognises that there is a variety of expertise within the staff team and will provide opportunities for staff to contribute to and shape safeguarding arrangements and policy. Additionally, the school will make an assessment of the appropriate level and focus for staff training and responsiveness to specific safeguarding concerns such as radicalisation, harmful

## Emanuel School

sexual behaviour, child sexual exploitation, female genital mutilation, cyberbullying and mental health.

The school has mechanisms in place to assist staff to understand and discharge their role and responsibilities and to ensure that they have the relevant knowledge, skills and experience to safeguard children effectively, including questionnaires, staff meetings, and professional development reviews. This includes information on how staff can report concerns occurring out of hours/out of term time.

All governors receive safeguarding training on induction. The chair of governors will receive additional appropriate training to enable them to fulfil their safeguarding responsibilities.

All staff should be aware of systems within their school which support safeguarding and these are explained to them as part of staff induction. This will include:

- the child protection policy;
- the behaviour policy;
- the staff code of conduct (including rules/guidance on social media and acceptable use);
- the school's whistleblowing policy
- the children missing from education policy;
- the school's approach to online safety;
- safeguarding training in accordance with the LSCB procedures including guidance on managing a report of peer on peer harmful sexual behaviour;
- appropriate Prevent duty training; and
- the role, identity and contact details of the designated safeguarding lead (including the identity of any deputies).

Copies of policies and a copy of Part one of Keeping Children Safe in Education are provided to staff at induction.

All staff must be aware of their local **early help** process and understand their role in it and be prepared to identify children who may benefit from early help. Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years. Refer to the referral process below and *Working Together to Safeguard Children July 2018* for further information.

All staff must be aware of the process for making referrals to children's social care and for **statutory assessments** under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments. Refer to the referral process below and *Working Together to Safeguard Children July 2018* for further information.

All staff must know what to do if a child tells them he/she is being abused or neglected. Staff must know how to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved, such as the designated safeguarding lead (or a deputy) and children's social care. Staff should never promise a child that they will not tell anyone about a report of abuse, as this may ultimately not be in the best interests of the child.

## Emanuel School

### Support for staff

The school recognises that staff working in the school who have been dealing with child protection issues may find the situation stressful or upsetting. The school will:

- ensure that opportunities are provided for staff to be supported in these circumstances and to talk through any anxieties they may have, including telephone and face-to-face counselling.
- consider what arrangements can be made to provide supervision for designated leads and any other staff members as appropriate

### Staff member responsible for looked after children

The school recognises that Looked After Children (LAC) and previously LAC are potentially vulnerable and will work together with other agencies. When the need arises, the school will ensure there is a designated teacher whose role is to promote the educational achievement of children who are looked after, and that the identified person has received appropriate training.

The school will ensure that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility. They will also have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her, as well as the details of the child's social worker. The school will work to support the progress of looked after children in the school.

The DSL maintains details of the local authority personal advisor appointed to guide and support care leavers and liaises with them as necessary regarding any issues of concern.

### ***Positive handling and physical intervention***

There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom. Refer to the school's policy on confiscation and use of reasonable force for further information.

### ***Safer recruitment***

The school is committed to practising safer recruitment in checking the suitability of staff (including staff employed by another organisation).

The governing body should prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required and ensuring volunteers are appropriately supervised. The school maintains a single central register of appointments for all staff. The school's Recruitment Policy outlines the recruitment process and all checks carried out on staff working at the school.

### **Risk assessment**

Where a concern about a pupil's welfare is identified, the risks to that pupil's welfare will be assessed and appropriate action will be taken to reduce the risks identified.

The format of risk assessment may vary and may be included as part of the school's overall response to a welfare issue, including the use of individual pupil welfare plans (such as behaviour, healthcare and education plans, as appropriate). Regardless of the form used, the school's approach to promoting pupil welfare will be systematic and pupil focused.

The headmaster has overall responsibility for ensuring that matters which affect pupil welfare are adequately risk assessed and for ensuring that the relevant findings are implemented, monitored and evaluated.

Day to day responsibility to carry out risk assessments under this policy will be delegated to the DSL who has been properly trained in, and tasked with, carrying out the particular assessment.

### **Monitoring and review**

The DSL will ensure that the procedures set out in this policy and the implementation of these procedures are updated and reviewed regularly, working with the Proprietor as necessary and seeking contributions from staff. The DSL will update the senior leadership team regularly on the operation of the school's safeguarding arrangements.

Any safeguarding incidents at the school will be followed by a review of these procedures by the DSL and a report made to the governors. Where an incident involves a member of staff, the LADO will be asked to assist in this review to determine whether any improvements can be made to the school's procedures. Any deficiencies or weaknesses in regard to safeguarding arrangements at any time will be remedied without delay.

The governors will undertake an annual review of this policy and the school's safeguarding procedures, including an update and review of the effectiveness of procedures and their implementation and the effectiveness of inter-agency working.

The DSL will work with the nominated safeguarding governor, preparing a written report commissioned by the board of governors. The written report should address how the school ensures that this policy is kept up to date; staff training on safeguarding; referral information; issues and themes which may have emerged in the school and how these have been handled; and the contribution the school is making to multi-agency working in individual cases or local discussions on safeguarding matters. The governors should also consider independent corroboration, such as inspection of records or feedback from external agencies including the designated officer(s);

- reports of ISI inspections;
- the outcome of any relevant parental complaints; and
- press reports.

The governors will review the report, this policy and the implementation of its procedures and consider the proposed amendments to the policy before giving the revised policy its final approval. Detailed minutes recording the review by the governors will be made.

## **PROCEDURES**

### **What to do if staff have a concern about a pupil**

The school procedures are in line with those agreed by the Wandsworth Safeguarding Children Board, the LA and the Secretary of State.

All staff members have a statutory responsibility to safeguard and promote the welfare of all pupils at all times.

#### Reporting a concern

If a staff member has a concern about a pupil or receives information that leads them to be concerned that a pupil **has been harmed or is at risk of harm or their welfare is being compromised**, they are required to act appropriately and immediately to ensure action can be taken to protect the pupil concerned.

The member of staff must report the concern to the **DSL** or the **DDSL** in the DSL's absence.

If the concern involves an allegation against staff, this must be reported in accordance with the procedures set out below.

Teachers must report known cases of female genital mutilation (FGM) to the police. See Appendix I for further information about FGM and this reporting duty. All other staff should refer FGM concerns to the DSL.

#### Guidance on receiving a disclosure

The concern may be as a result of a disclosure from a pupil, a parent or a third party or may arise due to behaviour that has caused the staff member to become concerned.

When listening to a child, staff must:

- Listen carefully to what the pupil is telling them without interrupting
- Ideally listen to the child first and then make notes
- Not promise confidentiality
- Remain non-judgemental and keep an open mind
- Not ask leading questions, or more questions than needed – just establish what the pupil is telling them
- Be honest with the pupil and explain what will happen next
- Keep a sufficient written record of the conversation. All other evidence, for example, scribbled notes, mobile phones containing text messages, clothing, computers, must be kept securely with the written record.

When receiving a report of harmful sexual behaviour, staff must follow the guidance provided in Part 5 KCSIE. This includes:

- Only record the facts as the child presents them.
- Where the report includes an online element, do not view or forward illegal images of a child. See Appendix I and the UK Council for Child Internet Safety's advice note [Sexting in schools and colleges: responding to incidents and safeguarding young people \(August 2016\)](#) for advice about what to do when viewing an image is unavoidable.

## Emanuel School

- Manage reports with another member of staff present (preferably the DSL or DDSL), if possible.
- Inform the DSL as soon as practically possible if the DSL is not involved in the initial report.

When reporting a concern, staff must:

- Record the information fully - preferably on the Reporting an Incident form (available on Firefly or Appendix 7 on page 50)
- If accessing the form is not possible, staff must not delay in informing the DSL or deputy DSLs.
- Note the facts in the child's own words.
- Pass the form by hand personally or via email (marked confidential) to the DSL or deputies immediately.

Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care at Wandsworth's Initial Point of Contact (and if appropriate the police) is made immediately.

### Asking for advice

Staff should remember the DSL is available to offer help, advice and guidance to staff and pupils where necessary. If staff have a concern or problem and are unclear how to proceed, they should ask for advice.

### What if the DSL is unavailable?

During term time the designated safeguarding lead (or deputy) is available (during school hours) for staff in the school to discuss any safeguarding concerns. When it is not possible to meet in person, staff can contact them by email.

The deputy head: pastoral (who is a deputy DSL) is the emergency contact for all school trips. If the DH:P is not available, the DSL or headmaster are the next points of contact. The DH:P, DSL and headmaster's contact details are shared with the trip organiser.

If a member of staff is unable to locate or contact the DSL, deputies or headmaster, they must not delay taking action. Staff should speak to their line manager or a member of the senior leadership team and / or advice should be taken from children's social care. The contact details are set out at the front of this policy.

Where a child is suffering, or is likely to suffer from harm, a referral to children's social care should be made immediately. Staff should be aware of the process for making referrals direct to IPOC (or the police) themselves. Staff must inform the DSL or deputies, or a member of the senior leadership team, as soon as possible when they make a referral directly. All contact details are at the front of this policy.

In all other instances concerns should be passed on to the DSL as soon as possible – do not delay.

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision.

## Emanuel School

### Action by the DSL

On receipt of a report of a concern, the DSL will consider the appropriate course of action in accordance with the Local Safeguarding Children Board procedures and referral threshold document. Such action may include:

- managing any support for the pupil internally via the school's own pastoral support processes, seeking advice from children's social care where required (see below);
- an early help assessment (see below); or
- a referral for statutory services (see below).

The views of the child will be taken into account when considering the appropriate course of action but will not be determinative.

Where the concern relates to the welfare of a pupil who is aged 18 or over, the DSL will consider whether it is necessary to refer such concerns to the Safeguarding Adults Board rather than, or in addition to, children's social care.

If it is decided that a referral is not required, the DSL will keep the matter under review and give ongoing consideration to a referral if the pupil's situation does not appear to be improving.

### Supporting a pupil at school

If the DSL and deputies feel a child can be supported appropriately through internal school pastoral processes, these will be put in place to support and monitor the welfare of the child. Where required, the DSL will seek advice from external agencies.

Support is provided by the form tutor and also head of year and head of section and a pupil may be referred to the school's counselling services. Refer to the Pastoral Policy and Mental Health and Wellbeing Policy for further information.

The school has a framework for the identification, assessment, management and review of risk to pupil welfare so that appropriate action can be taken to reduce the risks identified. See 'Risk assessment' section above and the school's risk assessment policy for pupil welfare.

### Early intervention and help

Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

All staff recognise that when a child or family may be experiencing difficulties, support is most effective if it is provided at as early a stage as possible. This involves identifying emerging problems; liaising with the designated safeguarding lead or other relevant colleagues; sharing information with other professionals to support early identification and acting as lead professional in undertaking an early help assessment (EHA).

- Any concerns will be identified by staff, discussed with relevant colleagues and parents and support put in place. Effective monitoring systems will be used to assess the effectiveness of interventions and outcomes.
- If appropriate support is not available within school's own resources, an Early Help Assessment will be completed to identify the child's needs and enable additional support to be sought from other agencies.

## Emanuel School

- A Team Around the Child will be established where appropriate and a Lead Professional identified.
- if early help is in place the situation will be kept under constant review and consideration given to additional referrals (e.g. to social care) if the child's situation does not appear to be improving.
- Early help assessments will follow the Signs of Safety and Wellbeing model.

Staff are aware of the potential need for early help where a pupil:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing / goes missing from care or from home;
- is at risk of modern slavery, trafficking or exploitation;
- is at risk of being radicalised or exploited;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- is misusing drugs or alcohol themselves;
- is looked after or has returned home to their family from care;
- is a privately fostered child.

If **early help** is appropriate, the designated safeguarding lead (or deputy) will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead professional. Any such cases should be kept under constant review and consideration given to a referral to children's social care for assessment for statutory services, if the child's situation does not appear to be improving or is getting worse.

### Making a referral

Where a child is suffering, or is likely to suffer from harm, a referral to children's social care (and if appropriate the police) should be made immediately. The contact details for children's social care are set out at the front of this policy.

Statutory assessments:

Children's social care may undertake a statutory assessment under the Children Act 1989 into the needs of the child. It is likely that the person making the referral will be asked to contribute to this process. Statutory assessments include:

**Children in need:** A child in need is a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Children in need may be assessed under section 17 of the Children Act 1989.

## Emanuel School

**Children suffering or likely to suffer significant harm:** Local authorities have a duty to make enquiries under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm.

Where incidents and/ or behaviours are associated with factors outside the school, the school will consider contextual safeguarding and whether wider environmental factors are present in a child's life that are a threat to their safety and wellbeing. The school will provide as much information as possible during the referral process.

Staff required to make a referral directly will need to have access to certain information about the child and the safeguarding concern in order to make the referral. In general terms, this information will comprise:

- personal details of the child including the child's developmental needs;
- detailed information about the concern;
- information about the child's family and siblings including the capacity of the child's parents or carers to meet the child's developmental needs and any external factors that may be undermining their capacity to parent.

If the referral is made by telephone, this should be followed up in writing. If the referral is made by someone other than the DSL, the DSL should be informed of the referral as soon as possible.

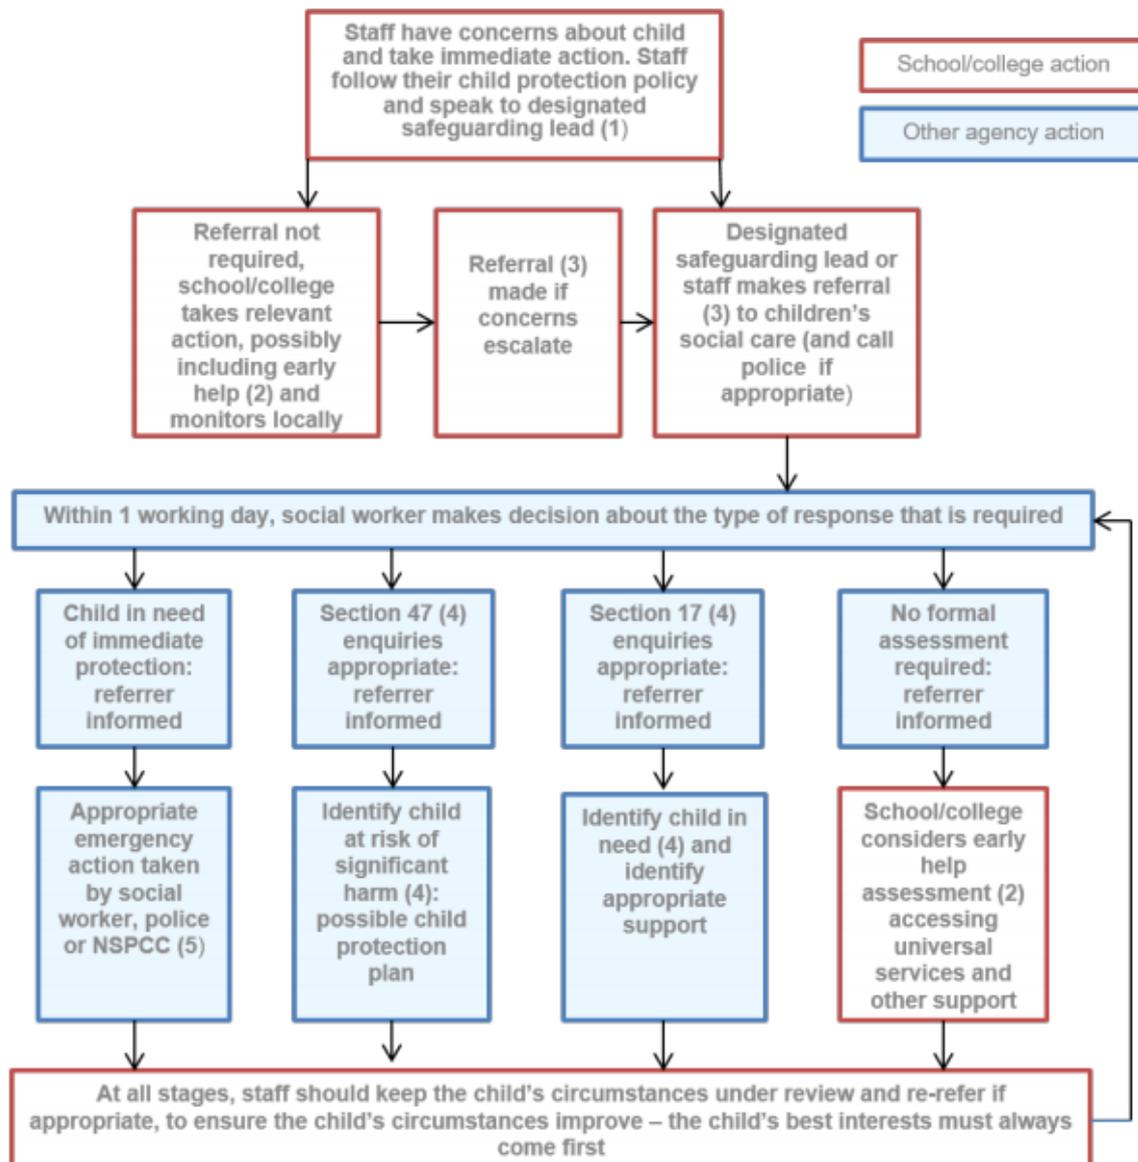

Once a referral is made, if a response is not received within one working day, the DSL (or person making the referral) will contact IPOC to follow up. If a child's situation does not appear to be improving, the school will take responsibility for finding out what is happening and keep pressing for action to be taken, following the local escalation procedures.

The flowchart on the next page outlines the referral process.

When making referrals to support agencies the school will act in accordance with WSCB Thresholds for Intervention guidance, which is consistent with the London-wide Continuum of Need thresholds.

Referral flowchart

- (1) In cases which also involve an allegation of abuse against a staff member, see Part Four of this guidance.
- (2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working together to safeguard children](#) provides detailed guidance on the early help process.
- (3) Referrals should follow the local authority's referral process. Chapter one of [Working together to safeguard children](#).
- (4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. This can include section 17 assessments of children in need and section 47 assessments of children at risk of significant harm. Full details are in Chapter One of [Working together to safeguard children](#).
- (5) This could include applying for an Emergency Protection Order (EPO).

### **What to do if staff have a concern about someone else's welfare**

Staff who have concerns about the welfare of others or any other safeguarding issue not expressly covered by this policy, should report them.

In the absence of an express procedure about reporting, they should report such concerns to their line manager in the first instance.

### **Allegations against staff**

*This part of the guidance relates to members of staff and volunteers who are currently working in the school regardless of whether Emanuel is where the alleged abuse took place. Allegations against a teacher who is no longer teaching should be referred to the police. Historical allegations of abuse should also be referred to the police.*

The school recognises that there will be occasions when a pupil at the school, or a parent or another person may make an allegation against a member of staff. The term allegation refers to concerns reported or raised that might indicate a person has caused harm to a child, acted in a way that created potential serious risk to a child or would pose a risk of harm if they continue to work in regular or close contact with children in their present position, or in any capacity. This means it has been alleged that a teacher or member of staff (including volunteers) in a school or college that provides education for children under 18 years of age has:

- behaved in a way that has, or may have, harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children.

When the allegation meets the criteria above:

- inform the headmaster immediately where an allegation is made about any member of staff (other than the headmaster) including the DSL
- where the allegation is about the headmaster, inform the chair of governors immediately without first informing the headmaster. The chair would immediately inform the LADO of such an allegation.
- follow Wandsworth Procedures for Managing Allegations against Staff. This will always involve a discussion with LA officers and a referral to the Local Authority Designated Officer (LADO).

If it is not possible to report to the headmaster or chair of governors, a report should be made immediately to the DSL. The DSL will take action in accordance with these procedures and will as soon as possible inform the headmaster or, where appropriate, the chair of governors.

All such allegations must be dealt with as a priority without delay.

Refer to Appendix 5 for more details on the school's process for responding to allegations about staff.

### ***Additional reporting***

In addition to the reporting requirements explained above, the school will consider whether it is required to report safeguarding incidents to any other regulatory body or organisation, including but not limited to:

#### *Health and Safety Executive*

The school is legally required under RIDDOR to report certain incidents to the Health and Safety Executive. Please see the school's Health and Safety Policy.

#### *Charity Commission*

The school is a registered charity and is required to report all serious incidents to the Charity Commission in accordance with the guidance [How to report a serious incident in your charity \(Charity Commission, September 2017\)](#).

Serious incidents that will be reported to the Charity Commission include suspicions, allegations or incidents of abuse involving pupils. This is likely to involve the following:

- Pupils have been, or are alleged to have been, abused or mistreated while under the care of the school or by someone connected with the school, for example a governor, staff member or volunteer;
- there has been an incident involving the abuse or mistreatment (alleged or actual) of someone and this is connected with the activities of the school;
- there has been a breach of the school's procedures or policies which has put pupils at risk, including failure to carry out checks which would have identified that a person is disqualified in law, under safeguarding legislation, from working with children.

The school will notify the Charity Commission of other agencies to which the incident has been reported in accordance with this policy.

#### *Insurers*

The school will consider whether it is necessary to report a safeguarding incident to the relevant insurers and / or brokers. It may be necessary to report to a number of insurers as there may be concurrent cover under existing and historic policies.

Care should be taken to ensure this is done before renewal to ensure that the school complies with its duties under the Insurance Act 2015. If the school is in any doubt with regard to the correct insurer and / or policy and / or if it is unable to locate the relevant insurer, professional advice should be sought.

### ***Related documents***

This policy has clear links to other policies in the school, in particular to any policies concerned with the protection of all children in the school from various kinds of harm. These policies are listed below:

- Anti-Bullying

- Pupil Acceptable Use
- Risk Assessment
- Self-Harming
- Staff Code of Conduct
- Staff Recruitment
- Visiting Speakers
- Mental Health and Wellbeing
- Whistleblowing

## **Appendix I: Types and signs of abuse**

Staff must refer to KCSIE Part I Appendix A: Further Information for more details.

### Indicators of abuse and neglect

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children.

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

### Specific forms of abuse and safeguarding issues

It is important to recognise that many children will be living (or may have lived) in families where **Domestic Abuse** is a factor, and that these situations have a harmful impact on children emotionally, as well as placing them at risk of physical harm. The definition of Domestic abuse is: *Any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those **aged 16 or over** who are or have been intimate partners or family members regardless of gender or sexuality.*

**Child sexual exploitation (CSE)** is a form of child sexual abuse. It occurs where an individual; or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

**Sexual violence and sexual harassment between children** can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

See Appendix 2 below for more information about **peer on peer abuse**, including **sexual violence and sexual harassment between children**.

**Honour-Based Violence:** so called ‘honour-based violence’ (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving “honour” often involves a wider network of family or community pressure and can include multiple perpetrators. The school is aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBV are abuse (regardless of the motivation) and should be handled and escalated as such.

**Female Genital Mutilation (FGM):** professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM and have a specific legal duty to act with regards to concerns about FGM. There is a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Guidance on the warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 38-41 of the [Multi-agency statutory guidance on FGM \(HM Government, April 2016\)](#) (pages 59-61 focus on the role of schools).

Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject.

FGM is illegal in the UK and there is a mandatory duty on teachers to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. If the teacher is unsure whether this reporting duty applies, they must refer the matter to the DSL in accordance with this policy. See the Home Office guidance [Mandatory reporting of female genital mutilation - procedural information \(December 2016\)](#) for further details about the duty.

**Forced Marriage:** Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Guidance on the warning signs that forced marriage may be about to take place, or may have already taken place, can be found on pages 13-14 of the [Multi-agency guidelines: handling case of forced marriage \(HM Government, June 2014\)](#). Pages 32-36 of the [Multi-agency guidelines: handling case of forced marriage](#) focus on the role of schools in detecting and reporting forced marriage and the Forced Marriage Unit can be contacted on 020 7008 0151 or [fmf@fco.gov.uk](mailto:fmf@fco.gov.uk) for advice and information.

**Children and the court system:** Children are sometime required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children.

**Children with family members in prison:** Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

**Children Who Go Missing from Home or Care** are particularly vulnerable and may be at significant risk at times. The immediate risks associated with going missing include:

- No means of support or legitimate income – leading to high risk activities
- Involvement in criminal activities
- Victim of Abuse
- Victim of crime, for example through sexual assault and exploitation
- Alcohol/substance misuse
- Deterioration of physical and mental health
- Missing out on schooling and education
- Increased vulnerability

Longer-term risks include:

- Long-term drug dependency/alcohol dependency
- Crime
- Homelessness
- Disengagement from education
- Child sexual exploitation
- Poor physical and/or mental health.

## Emanuel School

**Children Missing from Education:** all children, regardless of their circumstances, are entitled to a full-time education which is suitable to their age, ability and aptitude and any special educational needs they may have. A child going missing from education, or not attending it regularly, is a potential indicator of abuse or neglect. The school will follow the required procedures for unauthorised absence and for dealing with children who go missing from education, including appropriate notification to the Local Authority. The school will also ensure staff are alert to the potential risks of poor or non-attendance and cessation of attendance, including the signs to look out for and triggers to be aware of when considering the risks of potential concerns such as **travelling to war zones, FGM and forced marriage**. Refer to the Children Missing Education Policy and Attendance Policy for further information.

**Preventing radicalisation:** Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of the school's safeguarding approach.

*Extremism* is the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces

*Radicalisation* refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

The school aims to build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views. Being drawn into terrorism includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. The school is committed to providing a safe space in which children, young people and staff can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, understand the risks associated with terrorism and develop the knowledge and skills to be able to challenge extremist arguments.

The school works within the curriculum to promote tolerance and respect for diverse views, while challenging prejudice of any kind. The school is an inclusive school which values citizenship and a sense of belonging. Pupils are encouraged to share their views and recognise that they are entitled to have different beliefs, but that these should not be used to influence others.

It is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with managing other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. School staff should use their professional judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the DSL making a referral to the Channel programme, having consulted [Channel duty guidance: protecting vulnerable people from being drawn into terrorism \(HM Government, April 2015\)](#).

The DfE and Home Office's briefing note [The use of social media for online radicalisation \(July 2015\)](#) includes information on how social media is used to radicalise young people and guidance on protecting pupils at risk.

As with all matters pertaining to the maintenance of a safeguarding culture within the school, staff are expected to be vigilant in identifying concerns and ensuring these are passed to the DSL without delay.

## Emanuel School

If any concerns arise, or are disclosed by a child, they will be responded to following normal safeguarding processes and advice would be sought from colleagues in LA (either Prevent co-ordinator or safeguarding services) if necessary.

The school supports the **Prevent Strategy**, which works to prevent the growth of issues that create a climate which encourages radicalisation and extremism, which in turn can lead to acts of violence or terrorism.

All schools must have due regard to the need to prevent pupils from being drawn into terrorism or being radicalised. The school will ensure that staff are provided with appropriate training and information to enable them to assess the risk of children being drawn into extremist ideas that are part of terrorist ideology and identify any child who may be at risk and how to support them. The school will also ensure that children are safe from terrorist and extremist material when accessing the internet in school. Concerns will be discussed with the child's parents whenever possible and with the Local Authority Prevent co-ordinator and referrals made to the Channel programme when appropriate.

**Gangs & Child criminal exploitation: county lines** Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered.

**Homelessness:** Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The DSL and deputies are aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, the school understands that this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm. The school recognises that in some cases 16 - 18 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support.

Potential signs of abuse

**Recognising physical abuse**

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or an injury
- Parents are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a 'cry for help' and if ignored could lead to a more serious injury).
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries

Bruising

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Any bruising to a pre-crawling or pre-walking baby
- Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks on small children
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

Bite Marks

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shape. Those over 3 cm in diameter are more likely to have been caused by an adult or an older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

## Emanuel School

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water of its own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns / scalds which did not have appropriate treatment or adequate explanation

Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

### Fractures

Fractures may cause pain, swelling and discoloration over a bone or a joint. Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life

### Scars

A large number of scars or scars of different sizes or ages, or on different parts of body, may suggest abuse

### Behavioural Indications

Some children may behave in ways that alert a staff member to the possibility of physical injury, for example

- Withdrawal from physical contact
- Fear of returning home
- Self-destructive tendencies
- Aggression towards others

## **Recognising Emotional Abuse**

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent / carer e.g. anxious, indiscriminate or no attachment
- Aggressive behaviour towards others
- Scape-goated within the family
- Frozen watchfulness, particularly in pre-school children
- Low self-esteem and lack of confidence
- Withdrawn or seen as a 'loner' – difficulty relating to others
- Over-reaction to mistakes
- Fear of new situations
- Inappropriate responses to painful situations
- Neurotic behaviours
- Self-harming
- Running away

## **Recognising Neglect**

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and unresponsive with no apparent medical cause
- Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from or late for school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods
- Compulsive stealing or scavenging

## Recognising Sexual Abuse

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and / or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child / family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional / behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate for the child's age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder, self-mutilation and suicide attempts)
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes for e.g. sports events (but this may be related to cultural norms or physical difficulties)
- Concerning changes in behaviour or general presentation
- Regressive behaviour
- Distrust of a particular adult
- Unexplained gifts of money
- Sleep disturbances or nightmares
- Phobias or panic attacks

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area
- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is disclosed
- Physical symptoms such as injuries to the genital or anal areas, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen in vagina, anus, external genitalia or clothing
- Wetting or soiling

## **Appendix 2: Peer on peer abuse**

The school recognises that children are capable of abusing their peers and works to minimise the risk of peer on peer abuse and will deal with any allegations robustly. Abuse is abuse and should never be tolerated or passed off as 'banter', 'just having a laugh' or 'part of growing up'. Behaviour such as initiation violence or any form of sexual violence or sexual harassment is not acceptable. Where needed risk assessments will be carried out and strategies put in place to protect the child who has suffered abuse and to offer them support. Concerns raised will be treated seriously and followed up in a timely and sensitive fashion in accordance with the procedures in this policy.

Managing situations where children have been abused by other children can be complex and stressful. For the purpose of this section of the policy, 'child' refers to any child or young person up to the age of 18 years.

**All** staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) put children in danger.

Safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to:

- bullying (including cyberbullying);
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
- sexual violence and sexual harassment (see 'Harmful sexual behaviour' below);
- sexting (also known as youth produced sexual imagery) (see below); and
- initiation/hazing type violence and rituals.

The school takes steps to minimise the risk of all types of peer-on-peer abuse. The school has robust anti-bullying procedures in place (see the school's anti-bullying policy) and pupils are taught at all stages of the school about acceptable behaviour and how to keep themselves safe. Risk assessments are carried out and kept under review. Appropriate action is taken to protect pupils identified as being at risk including the particular vulnerabilities of those with a special educational need or disability (see the school's risk assessment policy for pupil welfare).

### Harmful sexual behaviour

Harmful sexual behaviour is an umbrella term that includes sexual violence and sexual harassment. The school recognises that problematic, abusive and violent sexual behaviours are inappropriate and may cause developmental damage. Harmful sexual behaviour can occur online and offline (both physical and verbal) and the school recognises the gendered nature such behaviour can take. Harmful sexual behaviour, like all peer on peer abuse, is never acceptable and will be taken seriously.

Children who are victims of sexual violence and sexual harassment are likely to find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. The school will respond to allegations seriously and all victims will be offered appropriate support.

## Emanuel School

The school is aware of the importance of:

- making it clear to pupils that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh" or "boys being boys"; and
- challenging behaviours (which are potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

References to **sexual violence** are references to sexual offences under the Sexual Offences Act 2003, specifically rape, assault by penetration and sexual assault.

References to **sexual harassment** mean "unwanted conduct of a sexual nature" that can occur online and offline. In the context of child on child sexual harassment, it is likely to: violate a child's dignity; and / or make them feel intimidated, degraded or humiliated; and / or create a hostile, offensive or sexualised environment.

The DfE guidance [Sexual violence and sexual harassment between children in schools and colleges](#) provides further detailed advice.

### Sexting

"Sexting" means the taking and sending or posting of images or videos of a sexual or indecent nature, usually through mobile picture messages or webcams over the internet.

The school treats all incidences of sexting as safeguarding matters to be actioned in accordance with this policy.

Members of staff should not view sexual imagery which is reported to them, or copy, print or share the images under any circumstances. In referring any incident of sexting, members of staff should describe the content of the images as reported to them.

The DSL may in exceptional circumstances view images with the prior approval of the headmaster and only where:

- it is the only way to make a decision whether to involve other agencies, as there is insufficient information available as to its contents;
- it is necessary to report the image to a website or agency to have it taken down; or
- a pupil has reported the image directly to a member of staff in circumstances where viewing the image is unavoidable.

Where viewing an image is unavoidable:

- viewing should take place on school premises wherever possible;
- the image should be viewed by a person of the same sex as the person alleged to be shown in the image (where this is known);
- a senior member of staff should be present to monitor and support the person viewing the image. This member of staff should not view the image;
- full details of the viewing must be recorded in the school's safeguarding records, including who was present, the date and time, the nature of the image and the reasons for viewing it;

## Emanuel School

- any member of staff who views an indecent image should be given appropriate support.

If any devices need to be confiscated (whether in order to view the image(s) or to pass evidence to the appropriate authority), they should be turned off and locked away securely until they are required.

If an electronic device that is prohibited by the school rules has been seized and the member of staff has reasonable grounds to suspect that it contains evidence in relation to an offence, or that it contains a pornographic image of a child or an extreme pornographic image, the device will be given to the police.

If external agencies do not need to be involved, the school must consider the deletion of any images. Pupils should be asked to delete images themselves and to confirm that this is done. Members of staff should not search devices to delete images.

If images have been shared online and cannot now be deleted by the person who shared them, the school should consider reporting the images to the relevant web host or service provider (if an option is provided), or contacting the Internet Watch Foundation or ChildLine (if the website does not provide this option).

Where a pupil receives unwanted images, the school should advise the pupil and his / her parents of options that may be available to block the sender or to change the pupil's mobile phone number or email address.

The UK Council for Child Internet Safety's advice note [Sexting in schools and colleges: responding to incidents and safeguarding young people \(August 2016\)](#) contains details of support agencies and provides further information for schools on how to respond to incidents of sexting.

The College of Policing has also produced a briefing note [Police action in response to youth produced sexual imagery \("sexting"\) \(November 2016\)](#) which provides information on how police forces treat instances of sexting by young persons.

It is important to be conscious that any child who is engaging in abusive behaviour towards others may have been subject to abuse from other children or from adults. All those involved in such allegations will be treated as being at risk and in need of support and the safeguarding procedures in accordance with this policy will be followed. Appropriate support will be provided to all pupils involved, including support from external services as necessary.

Children who abuse others should be held responsible for their abusive behaviour, whilst being identified and responded to in a way which meets their needs as well as protecting others. The school recognises that it is more likely girls will be victims and boys perpetrators, but all peer on peer abuse is unacceptable and will be taken seriously.

There is significant research evidence which indicates that abuse is likely to be repeated without appropriate intervention and treatment. This must be considered throughout the planning stages of managing cases of abuse perpetrated by children.

Where an allegation is made regarding alleged abuse perpetrated by another child, the age and understanding of the alleged perpetrator must be considered throughout decision making.

The circumstances of the alleged perpetrator must be assessed separately from those of the alleged victim and must include exploration of why this behaviour has occurred.

The focus of involvement with the alleged perpetrator and their family will be both to determine risks to and from the child concerned within the parameters of the Children Act 1989, and to manage allegations against them within the criminal justice framework.

## Emanuel School

### Process

When an instance of child on child abuse comes to light, is disclosed or where there is evidence to indicate it has occurred, staff should contact the DSL or deputies. The DSL (or deputy) will make a referral to children's social care, CAMHS and/or police as appropriate in respect of both children concerned. The interests of the identified victim must always be the paramount consideration.

If harmful sexual behaviour is alleged to have occurred, the DSL will have regard to Part 5 KCSIE and take into account the local response of the police and children's social care to these issues. The views of the alleged victim will be taken into account but will not be determinative.

Where the allegation relates to an incident that took place within the school, or relates to pupils attending the same school, the school will carry out risk assessments and take all appropriate action to ensure the safety and welfare and continued education of all pupils including the alleged perpetrator. The following are examples of action the school will take:

- Take advice from children's social care and / or the police, as appropriate, on when and how to inform the pupil and his / her parents about the allegations and how investigation of such allegations will be conducted
- Keep the involved children separate during the school day while the investigation is taking place to avoid collusion or intimidation. A pupil against whom an allegation of abuse has been made may be suspended from the School as a neutral measure during the investigation
- Having established what is alleged to have taken place, avoid talking to the children any further about the incident (s)
- Keep a detailed log of actions, discussions and decisions
- Carry out a risk assessment and put a risk management plan in place – ensure that non-teaching times are considered, especially times when pupils are moving around the school as the child who has been harmed may feel very vulnerable at such times
- Be aware that whether the incident(s) happened in school or elsewhere, other pupils may know what has happened (or is alleged to have happened). Other pupils may have been involved, either directly or indirectly. Other pupils may be judgemental or make unkind, or even threatening comments
- Consider whether the situation warrants information being shared with other parents in the school (e.g. where press coverage is likely) and seek advice from relevant agencies.

The decision as to whether or not behaviour directed at another child should be categorised as harmful is clearly dependent on the individual circumstances of the case. It may be helpful to consider the following factors:

- The relative chronological and developmental age of the two children
- Whether the alleged abuser is supported or joined by other children
- Any differential in power or authority (e.g. related to race, gender, physical, emotional or intellectual vulnerability of victim)
- The actual behaviour (consider all factors)

## Emanuel School

- Whether the behaviour could be described as age appropriate or involves inappropriate sexual knowledge or motivation
- The degree of coercion, physical aggression, intimidation or bribery
- The victim's experience of the behaviour and the impact it is having on them
- Attempts to ensure secrecy
- Duration and frequency of behaviour

The school will take advice from children's social care and / or the police, as appropriate, on how the investigation of such allegations will be conducted.

Appropriate support will be provided to all pupils involved by the school's pastoral team, and pupils may be referred to the school's counselling services. Support from external services will be requested as necessary. Additional guidance is available via the London Child Protection procedures: [http://www.londoncp.co.uk/chapters/ch\\_harm\\_others.html](http://www.londoncp.co.uk/chapters/ch_harm_others.html)

### **Appendix 3: Visitors**

- On site, teaching staff and support staff wear blue lanyards and the school name/ logo in white text. Teachers and support staff also have an ID badge with their name (members of the Senior Management Team also have their job title). Behind the badge there is a small card with key information regarding safeguarding at Emanuel School. No one else has a name other than teaching staff or support staff.
- All other visitors to the school are expected to sign in at the gatehouse and receive a sticker or badge dependant on the purpose of the visit.
- School governors wear a blue lanyard with 'governor' written across it and a named ID card.
- Visitors get a paper and plastic wallet from the gatehouse, with the following lanyard colours:
  - Green - Visitors, including Visiting Speakers
  - Red
    - Supply Teachers and Agency Staff
    - Contractor (note that on-going contractors who have a cleared DBS and are logged on the school's register have a red lanyard and a red plastic surround badge with the word *contractor* across it).
  - Yellow - School Inspectors
- Stickers are given to visitors:
  - who are not coming inside the school buildings (e.g. for sports matches or the swimming pool)
  - attending school events such as drama or musical productions
  - attending large scale events such as open days

Refer to the Visiting Speakers policy for procedures to follow when arranging a visiting speaker to the school.

#### ***Appendix 4: Safeguarding protocol for offsite sports grounds***

External sites used by the school:

- All Stars Tennis, Wandsworth Common
- Barnes Hockey Club, Dukes Meadow
- Blagdons Sports Ground, New Malden
- Emanuel School Boat Club, Dukes Meadow
- Goals 5-A-Side, New Malden
- Millennium Arena, Battersea
- Southbank Sports Club, South Lambeth
- Surbiton Hockey Club, Surbiton

#### Scheduling

The school schedules its sporting activities at external venues to ensure that there is no crossover with the arrival and departure with other groups that use the facility. This prevents crossover of groups at the facilities and in particular in the changing areas. The school adopts a principle of ensuring the pupils can change with dignity, decency and privacy when needed, be it for reasons of physical development or other individual needs.

When the school uses external facilities, members of staff will check the facility on arrival and report any concerns about the condition of the facility to the host and the director of Sport, where possible before the start of the session.

The school establishes an understanding with other groups that share the facilities. During the period of use the school decides normal operating procedure (OP) and the emergency action plan (EAP).

#### Transportation to external sports facilities

##### Public transport

The school utilises public rail and buses to transport pupils to and from external sports facilities. Pupils are accompanied by a member of staff competent in discipline, control and organisation and dealing with any crisis that may arise.

Pupils in Y9-Y13 do travel to external facilities on public transport unaccompanied. Parental consent is requested and secured before pupils are permitted to travel independently.

##### School Minibuses

All pupils are allocated a forward facing seat with seatbelt and the driver is responsible for ensuring all seatbelts are worn.

##### Private Hire Coaches

The school uses a reputable transport company to provide coach travel. The coaches are fitted with seatbelts and pupils are supervised throughout the travel time by competent staff.

## ***Appendix 5: Procedures regarding allegations against staff***

The usual procedure regarding allegations against staff is set out below, but may be varied according to the specific circumstances of the allegation.

There may be a need for the headmaster to involve the police immediately, in cases of potential serious risk of harm to children or where there is evidence of a criminal offence having been committed.

In other cases, the headmaster (or chair of governors if the allegation involves the headmaster) will discuss the allegation with the LADO (or his/her deputy) immediately (and in any event within one working day) before further action is taken.

The person taking action in accordance with these procedures is known as the '**case manager**'.

### *Disclosure of information*

The case manager will provide the accused person with information about the allegation, as quickly and in as much detail as is possible after the LADO has been consulted. The parents or carers of the child / children involved will be informed of the allegation as soon as possible if they do not already know of it. They may also be kept informed of the progress of the case, including the outcome of any disciplinary process. The timing and extent of disclosures, and the terms on which they are made, will be dependent upon and subject to the laws on confidence and data protection and the advice of external agencies.

Where the LADO advises that a strategy discussion is needed, or the police or children's social care need to be involved, the case manager will not inform the accused or the parents or carers until these agencies have been consulted and it has been agreed what information can be disclosed.

The reporting restrictions preventing the identification of a teacher who is the subject of such an allegation in certain circumstances will be observed.

### *Further action to be taken by the school*

A school has a duty of care towards its employees and as such, it must ensure that effective support is provided for anyone facing an allegation. The school will take action in accordance with Part 4 of KCSIE and the school's employment procedures.

A member of staff (or worker) resigning, retiring or ceasing to provide services during the period between an allegation being made and the case being concluded, should not prevent the relevant processes being completed.

### *Ceasing to use staff*

If the school ceases to use the services of a member of staff because they are unsuitable to work with children, a settlement agreement will not be used and a referral to the Disclosure and Barring Service (**DBS**) will be made promptly if the criteria for a referral are met. Any such incidents will be followed by a review of the safeguarding procedures within the school, with a report being presented to the proprietor without delay. The school may also need to consider a referral to the DBS if a member of staff is suspended, or deployed to another area of work that is not regulated activity.

If a member of staff tenders his or her resignation, or ceases to provide his or her services at a time when child protection concerns exist in relation to that person, those concerns will

## Emanuel School

still be followed up by the school in accordance with this policy and a referral to the DBS will be made promptly if the criteria for referral are met.

Separate consideration will be given as to whether a referral to the Teaching Regulation Agency (**TRA**) should be made where a teacher has been dismissed, or would have been dismissed had he / she not resigned, because of unacceptable professional conduct, conduct that may bring the profession into disrepute, or a conviction at any time for a relevant offence. An interim referral to the TRA may also be considered and made if appropriate.

### Record keeping

A clear and comprehensive summary of the allegation, details of how it was followed up and resolved, and a note of action taken and decisions reached must be kept on the confidential personnel file of the individual, with a copy provided to them.

- The purpose of the record is: to enable accurate information to be provided in a future reference request; to give clarification where future DBS checks reveal information about an allegation that does not result in a criminal conviction; or to prevent unnecessary re-investigation of an allegation that resurfaces after a period of time.
- Details of allegations found to be malicious must be removed from personnel records.

The school will retain all safeguarding records and relevant personnel records for so long as reasonably required.

Employment references for an individual where an allegation has been made will include relevant details, unless the allegation (or series of allegations/concerns) have been proven to be false, unsubstantiated or malicious.

### Conclusion

At the conclusion of a case where an individual has been suspended and may return to work, support for that individual will be discussed in advance. This may include a phased return, mentoring or specific support. Contact with the person who made the allegation will also be discussed so that it can be proactively managed.

At the conclusion of a case where an allegation is determined to be unsubstantiated or malicious, the LADO may refer the matter to children's social care services to assess whether there are other services that they need, or if abuse has happened with someone else. Where an allegation is proven to be deliberately invented or malicious, the headmaster may consider disciplinary action against the pupil. Where such an allegation has not come from a pupil, the police may be asked if any action should be taken against the person responsible.

At the conclusion of any case where an allegation has been made against a member of staff, the DSLs should review the circumstances of the case with the headmaster, to determine any lessons that may be learned, to improve procedures or practice within the school and prevent any future incidents.

WCSB have produced a leaflet outlining the process for dealing with allegations about staff:

[http://www.wscb.org.uk/downloads/file/30/lado\\_procedure-managing\\_allegations\\_against\\_adults\\_working\\_with\\_children](http://www.wscb.org.uk/downloads/file/30/lado_procedure-managing_allegations_against_adults_working_with_children)

For staff facing an allegation, WCSB have produced a leaflet:

[http://www.wscb.org.uk/wscb/downloads/file/231/lado\\_-\\_guide\\_for\\_staff\\_faced\\_with\\_an\\_allegation](http://www.wscb.org.uk/wscb/downloads/file/231/lado_-_guide_for_staff_faced_with_an_allegation)

[Regulatory alert to charities - safeguarding \(Charity Commission, December 2017\)](#)

[How to report a serious incident in your charity \(Charity Commission, September 2017\)](#)

**Appendix 7: Reporting an incident**

*Please write all names in capitals.*

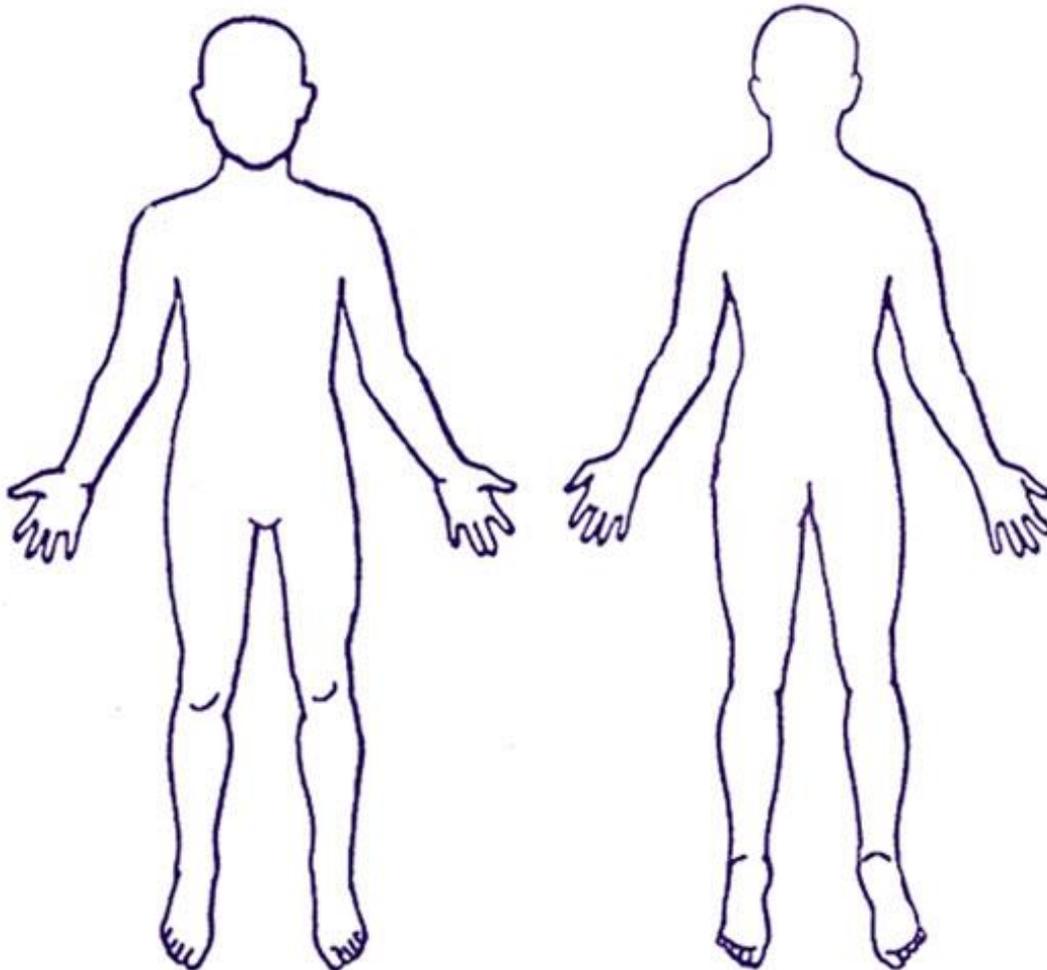

*After filling in, please hand in to the DSL in an envelope marked “private and confidential” or email marked 'Confidential'.*

1.	Name of person(s) reporting the incident	
2.	Date when incident happened	
3.	Place where incident happened	
4.	Name(s) and form of pupil(s) involved	
5.	Name(s) of witnesses involved	
6.	Description of the incident (give full details)	
7.	Signature	
8.	Today's date	

**If relevant, indicate on the drawing below the parts of the body affected.**

**You must not expect or ask a pupil to either undress or show areas of their body for evidence which cannot be seen under normal clothing.**

This form should be completed as soon as possible after you are made aware the incident.

When filling in this form, it is essential that facts (and not opinions) are recorded. Pupils and parents may be entitled to see any written information on this matter. If in doubt please discuss the matter first with the DSL or, in their absence, one of their deputies.

Discretion is very important in these cases and, once the incident has been reported, colleagues should not discuss the matter any further with other parties, either now or at any point in the future.
