

Stationery Shop

At Felpham Community College, students are expected to be well equipped for lessons. We run a stationery shop in the college library that offers good value for money on a daily basis.

The shop will open on the new intake evening. As well as browsing our full stock line, you will have the opportunity to purchase one of our special offer starter packs for just £12.00. With the inclusion of the scientific calculator, you'll be hard pushed to find a similar deal on the high street!

Starter pack includes:

1 x pencil case

1 x handwriting pen

3 x eziball biros

1 x set of colouring pencils

1 x ruler

1 x pencil

1 x highlighter

1 x maths set

1 x scientific calculator

We often stock other items like folders, dividers and different pens, feel free to come into the Library and see what we have in stock.
