

GUILDFORD HIGH SCHOOL

8-1 Health and Safety Policy

Policy

Guildford High School is committed to providing a safe environment for all pupils, teaching and non-teaching staff and others who legitimately visit or use its premises. This policy has regard to the DfE Guidance 2011 *Health and Safety DfE Advice on Legal Duties and Powers for Local Authorities, Head Teachers, Staff and Governing Bodies*. The school seeks to comply with the Health and Safety at Work Act and all other legislation concerning health and safety. The school seeks to create a positive culture around Health and Safety where all members of staff and pupils assess risk to ensure a safe working environment where teaching and learning can take place. Therefore the school expects staff, pupils and visitors to have due regard for their own safety and the safety of others during the entire school day and at other times when school activities are taking place, including activities that take place off the school premises. Guildford High School expects the highest professional standards of good practice from all its employees as well as the highest standards of responsible behaviour from its pupils and others who may from time to time visit its premises.

Guildford High School aims:

- To ensure the school is secure and safe
- To ensure that employees practise excellent standards in health and safety and are aware of the schools Health and Safety policies including : Fire, First Aid, Security
- To ensure where necessary all activities are risk assessed
- To ensure departments have a due regard for Health and Safety in their areas
- To ensure that staff are properly trained for their role and that training requirements are reviewed
- To safeguard the welfare of pupils
- To ensure visitors to the school are safe and aware of procedures
- To ensure the school remains a no smoking site

The Facilities Manager is responsible for Health and Safety in the school and is advised by The United Learning Health and Safety Manager.

Guildford High School seeks to implement this policy through adherence to the procedures outlined below. The policy applies to all members of the school community, including those in our EYFS setting. Guildford High School is fully committed to ensuring that the application of this policy is non-discriminatory in line with the UK Equality Act (2010). Further details are available in the school's Equal Opportunity Policy document.

In line with our Provision of Information policy, this document is available to all interested parties on our website, and on request from the main school office.

The Health and Safety Policy is reviewed annually by the Facilities Manager or as legislation changes or events require.

It should be read in conjunction with:

- Fire Policy
- Fire Risk assessment
- First Aid Policy
- Security Policy
- Lone Working Policy
- Risk statement

Procedure

The school expects staff, pupils and visitors to follow health and safety procedures and risk assessments. The following must be adhered to:

Staffing

- The school practises safer recruitment
- The school has a lone worker policy and risk assessment which staff should follow (section 8.)

Trips and Visits

- All staff who intend to take a trip or visit out of school should liaise with The EVC, Will Saunders or Toby Day in the Junior School
- All staff should read and be familiar with the Educational Visits policy, and follow its procedures for recording and risk assessing trips using the GHS Database
- Any external company used provide risk assessments

Internal Events

- All major internal events at GHS should be risk assessed and an Event Form completed.
- Any staff running an event should read the Events Handbook in the staff reference section

The School Site

- All Heads of Department must have departmental Health and Safety risk assessments for their teaching areas and lessons. These will be approved by The Facilities Manager, signed by each member of the department and stored in the staffroom in the reference section or with the Head of Junior School
- High Risk departments such as Technology, Sport, Science have detailed local management arrangements and risk assessments which identify and address all possible hazards in their subject area.
- Teaching areas must be obviously safe and teaching rooms for high risk subjects must be locked at any time when a teacher is not present.
- It is the responsibility of all members of staff, volunteers and visitors to report issues of health and safety. Staff must report this directly on caretaking requests. If there is imminent danger the Facilities Manager or a member of SMT must be immediately informed. Visitors and pupils should inform a member of staff who must take appropriate action
- In the event of a major health and safety incident the Disaster Policy is followed
- Head of Departments must liaise with the Facilities Manager to ensure all electrical items in their department are PAT tested where necessary. HoDs should ensure that electrical items requiring testing are available. They should liaise with the Facilities Manager over electrical testing.
- Line managers of support staff must risk assess the tasks carried out by their staff to ensure those tasks are being carried out safely. The line manager must notify the Facilities Manager of any health and safety training required.

Dangerous Substances

- These are risk assessed and kept in locked facilities. The Facilities Manager keeps the COSHH register a copy of which is kept with the fire box in the senior playground and brought out when the fire alarm sounds.

Training

- Training in general health and safety including risk assessment and site safety is given for new staff.
- Training in risk assessment for high risk departments, including, Sport, Technology and Science is given through DATA or Cleapps.

The Group Health and Safety Management Policy – Local Organisation of Health and Safety outlines H & S responsibilities at GHS, and is signed by the Headmistress and Chair of the LGB.
