Computing Assemblies and Workshops
Wednesday 25th September

Dear Parent/Carer,

With online safety becoming such a huge focus in the Computing National Curriculum, we feel it is important that we ensure our children are able to use technology safely, respectfully and responsibly and can recognise acceptable/unacceptable ways of sharing content online. These sessions aim to provide children with a clearer understanding of appropriate use of social media, how to report unsuitable behaviour online and how to use the internet safely and securely.

This term HJS are lucky enough to be hosting Peter Cowley, ICT and Online Safety Adviser for Kingston and Richmond borough, who will be leading a variety of assemblies and workshops which focus on Online Safety and how to keep your child safe online.

We would like to invite parents to join the assemblies to learn some key information and take part in the activities that will be on offer.

Please find below the timetable for the day:

9:00am -9:30 am– Assembly for years 5 & 6 (**parents welcome to attend**)

Workshops to run for years 5 & 6 throughout the school day

2:45pm-3:15pm - Assembly for years 3 & 4 (**parents welcome to attend**)

We look forward to seeing you on Wednesday 25th September.

Yours sincerely,

Miss A Logan
Computing Co-ordinator and Year 6 Teacher
