

Sixth Form Uniform

Over the years, since the first Sixth Form students designed the uniform code, the school has been complimented on students' academic success, extra curricular involvement and their smartness.

The following simple guidelines have evolved to encourage students to represent themselves, their families and the school in the best possible way, whilst also giving the students more choice.

Students should dress smartly for school as if they were working in a formal office situation. They should also recognise that they will be setting an example as senior students of the school.
