

Shenley Brook End School

Sixth Form

A Level Product Design Summer Task

Produce a presentation sheet on A3 paper (one sheet minimum) on a designer you admire from either the past or present. Within this presentation page ensure it is clear why you admire them, include pictures of some of their work and draw by hand at least two of their designs. Explain what makes these designers special.

We will be looking for good presentation skills, the quality of your hand drawing including any rendering you choose to apply if applicable and the information presented. Remember your opinion is important and we do not wish to see purely facts but also your personal view of the designers work.

Due Date : You will be expected to hand this sheet in on your first week of sixth form in September.
