

## Year 9: ASK Yourself!

**Subject: Design and Technology**

**Unit: Movie Props Project**

	Launching 1-2	Developing 3-4	Progressing 5-6	Mastering 7-9
 S skills				
<b>Craftsmanship</b>	My prop is complete and looks similar to the original movie prop.	My prop is finished well with only minor defects or rough/unfinished parts.	My prop is good quality, finished well throughout and shows no defects.	My prop is finished to the highest quality and looks suitable to fit into the film chosen.
<b>Difficulty</b>	I have played safe with my prop and chosen an easier item to make.	I have pushed myself in some aspects of the prop and added some harder to achieve details.	I have pushed myself to the limits of my ability, taking risks and avoiding the easy solution.	I have pushed myself at every stage of the project including the design and make of the prop.
<b>Accuracy</b>	My prop looks similar to the movie prop chosen.	My prop looks identical to the movie prop but lacks some details.	My prop looks identical including when studied closely.	My prop is better than the original movie prop.
 K knowledge				
<b>Equipment</b>	I am learning the equipment used in design technology but need to focus on my vocabulary to better recall their names.	I have a good knowledge of the equipment used in design technology and scored above 40% in my test.	I have a very good knowledge of the equipment used in design technology and scored above 60% in my test.	I have an excellent knowledge of the equipment used in design technology and scored above 80% in my test.
<b>Metals</b>	I am learning about metals but need to re-visit my theory work again to improve.	I have a good knowledge of metals and I scored above 40% in my test.	I have a very good knowledge of metals and scored above 60% in my test.	I have an excellent knowledge of metals. I scored above 80%.
<b>Design Movements</b>	I am learning about design movements of the past and need to read more about the subject to improve.	I have a good knowledge of design movements and scored above 40% in my test.	I have a very good knowledge of design movements and scored above 60% in my test.	I have an excellent knowledge of design movements and scored above 80% in my test.
