The French syllabus introduces new grammar and vocabulary but builds on the foundation of work covered in Year 4. The level is two academic years ahead of the National Curriculum.

Key objectives

- To engage our students and communicate our passion for French and modern languages in general.
- To unlock the full potential of our students' ability to speak and write French.
- To promote a love of speaking a foreign language through entertaining and engaging teaching techniques.
- To prepare our students to the highest possible standard in order for them to face examinations with confidence.
- To introduce our students to the culture, geography and history of France, Britain's nearest neighbours.
- To encourage independent learning, using dictionaries and the Internet for research.

These key objectives will be covered alongside others in the units of work in each term. The topic areas and grammar for the Spring Term are as follows:

- Telling the time and daily routine (reflexive verbs in the present tense).
- Clothes, colours, adjectival agreements and positions, outfits and opinions.
- Television programmes and times, film types and opinions.
- Arranging a meeting (time and place), accepting or declining an invitation politely, excuses.
- Easter vocabulary.
