Dear Parent/Carer

Re: A Level Physics Field Trip to CERN, Geneva, 5 March 2020 – 7 March 2020

You son/daughter is invited to attend this year's field trip to CERN. The field trip is voluntary and would give your son/daughter an invaluable opportunity to visit one of the most advanced and respected centres of scientific research. Students would use the knowledge and experiences gained to further their studies of their year one Particles and Radiation and year two Fields and their Consequences content.

The cost of the trip is estimated at no more than £450 dependent on time of booking and includes the following:

- Return flights between a UK airport and Geneva airport including checked baggage
- 3 days / 2 nights local half board accommodation
- Airport transfers in the UK and Geneva
- Trip to CERN and exhibitions with a guided tour including an opportunity to visit one of the detectors and have dinner in the restaurant with staff working on site from across the globe.
- Visits to the History of Science Museum, Natural History Museum
- Visit and tour around the United Nations Building in Geneva.
- Opportunity to climb the tower of St Peters Cathedral in the Old Town and take in the views of Mont Blanc.

If you would like your son/daughter to take part on the field trip, please sign the slip below and return to Mr Limb, having paid a deposit of £100 to secure his/her place on Parent Pay, by Friday 11 October 2019.

A notification of booking will be sent home once student numbers, flights and accommodation have been confirmed (please note: at this point the deposit will become non-refundable as monies will have transferred hands).

Further information will be sent out once details have been confirmed, but please do not hesitate to contact me in the first instance should you have any immediate questions.

Yours sincerely

D Limb
Head of Separate Science
