

16 Sept 2019

Dear Parents and Carers

I am writing to inform you that I will be providing Careers information, Advice and Guidance to students from September 2019. I am a professionally qualified and experienced Careers Adviser offering an independent and impartial service available to all students.

I can help students make well informed, realistic decisions about their futures, helping them to move on to positive destinations after school. This includes subject options choice, Post 16 options e.g. Sixth Form, college and apprenticeships and Post 18 opportunities e.g. university courses, higher/degree apprenticeships and employment.

I am in school on Wednesdays and Fridays and will be holding a 'drop in' service for students at lunchtimes in the school library on Wednesdays. I will also be attending the Year 8 Options Evening, Sixth Form Open Evening and careers events in school and look forward to talking to students and parents about future opportunities.

If you have any careers related queries please email me at: info@davidhollowaycareers.com
Students can request 1 to 1 appointments with me in school through Student Services.

Yours sincerely

David Holloway
Careers Adviser
