

September 2014

Dear Parent/Guardian

Maths Trip to Paris July 2015

The Mathematics Faculty are proposing to take a 5 day trip to Paris. There will be a significant emphasis on improving mathematical skills and techniques in a non school environment, with the additional social and cultural benefits offered by Paris.

Mathematical activities are planned for the trip (coach and ferry), La Villette Explora Mathematics Exhibition, Arc de Triomphe, The Louvre and Hotel d'Invalides. Cultural and sightseeing visits include the Eiffel Tower, the Louvre, Monmatre, Trocadero, Champs Elysses, Notre Dame Cathedral and a cruise on the River Seine.

The hotel we have managed to provisionally book is in close proximity to Disneyland Paris enabling us to visit both parks for an evening session in addition to the full day we normally do. Hotel accommodation is provided on a half board basis, with lunches being purchased on the various excursions. Pupils are expected to share en-suite rooms.

The proposed dates for the tour are Friday 17 July 2015 - Tuesday 21 July 2015.

The cost of the trip will be £460 per pupil should a full complement of pupils wish to go. A deposit of £50 is required to secure a place, with a further £80 payable by the end of November.

I hope this is of help and interest. Further information will be provided when we are more aware of the level of demand.

Yours faithfully,

Mr C Iddon

Head of Maths
