

Uppingham Girls v Almeerse HC 1-2

Our last match was our toughest one, and with all the girls tired from a busy week of hockey we were determined to play a good game. The first half was quick, with passing around into space giving us many opportunities to score. The opposition held their ground and put a good fight resulting in a 0-0 score. After our team talk at half time the girls were more determined than ever to put the ball in the back of the net. Within 15 minutes of the second half after many short corners we finally managed to score with a great goal from Purdy Sutcliffe receiving a skilled pass from Katie Beharrell. However the opposition were quick to fight back and scored a goal in the top left corner. If Pippa Banks had stilts as well as jumping then we might have saved it. They then continued to score another quick goal. The team put up a good fight and should be very proud of their performance. Special mention to Beth Davenport who played a great game.
