

Uppingham Girls v TSV Schott-Mainz 1-3

The second match of the tour was against a team who had managed to get into the top four of the U18 nationals and their team also contained two German international players. The game started with high spirits after watching the boys beat their opponents. The defence crew had a tough match, with the opposition portraying their mercurial skills. Alice Bletsoe deserves to have a top mention, purely because of her amazing consistency with disposing the ball into the right person's stick. Within 15 minutes Venetia Brown a left forward, converted a goal from close range, which was beautifully set up by Tara Patel. But unfortunately the Germans came back strong and gained three goals. So overall the score was 3-1, not bad really considering the high standard of the team!
