

FACT (Fenland Association for Community Transport) have been working with Wisbech Grammar School since 2014 providing affordable, safe and direct from home transport to school ranging from £4 return per day. They have comfortable minibuses with regular drivers who have been trained to an outstanding standard with CPC qualification, MiDAS (Minibus Driver Awareness Scheme) and all drivers have a fully enhanced DBS (Disclosure & Barring Service) check.

Due to the nature of this service, FACT are able to transport pupils from as young as Reception (age 4+) and can provide AM or PM transport or both from £4 a day. This is payable in advance at the start of each term.
