

H2SS is a new service provided directly by the School, which offers a local designated pick up point service to Clenchwarton, Terrington St Clement and Tilney All Saints. This route uses a School minibus, a driver employed by the School and is invoiced through the fees account.

Most of our pupils who use this service are regular users (e.g. every morning or afternoon) but we do have the flexibility of offering occasional use tickets if there are seats available. This service must be booked in advance as the driver will hold a register of expected pupils.
