A Student's Perspective

“I am totally fascinated by Art and am now beginning to understand what Art is really about. Paintings and drawings can reflect the mood of a person. The design of a house or a piece of furniture all comes from Art. Different people develop different styles of working and I believe that AS Art has helped me develop my own. The Art teachers at Bruton are really amazing as they seem to possess such a wide knowledge about Art and artists. Their ideas and suggestions they make are particularly valuable.”
