

Dear Parent/Carer,

Your child has been selected to represent their school / Code Club in the “Colston’s e-STEAMed Coding Challenge” competition. Colston’s School, in collaboration with Code Club, the Worshipful Company of Information Technologists, the University of Bristol and the Society of Merchant Venturers have invited schools and Code Club to take part in this competition, which aims to inspire young people through collaboration, challenge and fun.

Your child will work within a team to design and build a product that promotes economic or environmental efficiency in Bristol. In addition, they will develop their coding and communications skills to produce a video that will be used by an expert panel of judges to make awards in a range of categories.

All participants in this competition, along with their parents/carers, are warmly invited to attend the **Colston’s STEAM Festival on the evening of the 28th June 2018** at Colston’s School. At this event, participants are invited to view a range of science, engineering and technology demonstrations from the University of Bristol, Colston’s School and other high-tech organisations. The event will culminate in the awards ceremony for the e-STEAMed Coding Challenge. There will be a range of awards made at this event and the winners will be offered prizes generously donated by the Worshipful Company of Information Technologists.

Parent/Carers are asked to read the privacy notice: <https://tinyurl.com/eSTEAMedPrivacyNotice>.

The Organisers wish to use photo and video footage of the Colston’s STEAM Festival on their web site and on social media for the purposes of celebrating the successes of the children who have participated in the e-STEAM Coding Challenge.

To enter your child for the competition the name and age group to the participants need to be submitted to the competition organisers.

Entry Information

Please sign below to give your consent for your child’s name, and age group to be submitted to the competition Organisers.

I give consent for my child to be entered into the “E-STEAM-ED Bristol” Coding Competition.

Student name: _____

Parent/guardian signature: _____ Date: _____

Parent/guardian name (print): _____
