### **1st XV Season report read by Gus Bentley:**

The 1st XV have had a superb season. Being competitive in every game they have lost only 3 games all season against Greshams, Orwell Park and a thrilling final game against Taverham Hall. There were several highlights of the season but in particular the home victory over Brandeston Hall and the narrow loss in their final game were of note.

All players have performed well developing their skills and played a fast, expansive and dynamic style of rugby. Special praise must go to the following boys: Captain Gus Bentley, James Graham, Mason Bickers and Michael Ahrens.

In addition, James Graham, Luke Watson & Gus Bentley have all been selected for the Northampton Saints Developing player pathway.

Player of the season – James Graham

### **Hockey 1st Team season report read by Hettie Carter:**

The U13A team have performed well during the season and recorded notable victories against Kings College, Cambridge and were unlucky to lose a tight game against Brandeston Hall by a single goal. Hettie Carter led the side with great authority and made some truly outstanding saves in every game. Isobel Bettley, Tori Holt, Nina and Jennifer Dahl and Amy McCullough also contributed well to the side and all developed as the season progressed. With Holly Reynolds, Alicia Hassan and Molly Gimson still in L3 it looks very promising for next year and hopefully they can all improve as they move up through the school.

Special mention must go Isobel Bettley, Amy McCullough, Hettie Carter, Tori Holt and Nina Dahl for playing for the U14A Senior School side on most weekends.
