

## Mission Statement

### Nurture – Challenge – Inspire

Munich International School nurtures, challenges and inspires our students to become:

- academically successful, life-long learners,
- creative and innovative thinkers,
- ethical, globally-minded contributors, and
- healthy, well-balanced individuals

who will thrive and make a positive impact in a complex and changing world.

*Munich International School's academic programmes and qualifications are recognised by the German and Bavarian authorities (MYP=mittlerer Bildungsabschluss/DP=Hochschulzugangsberechtigung).*

# ACADEMIC ACHIEVEMENT

## Munich International School

Nurture – Challenge – Inspire

*Pioneering international education since 1966*

# Academic Achievement at MIS: 2017

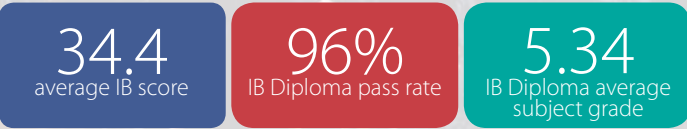

We are proud of the wide range of achievements of our students and faculty.

MIS students routinely excel in the areas of the arts, athletics, academics, service and leadership. With regard to academics, some parents ask how we know that our students are performing well in comparison to other schools and other school systems. The answer: we benchmark our students' academic performance using data from a range of innovative and externally validated assessment tools. This short overview highlights just a few sources of data that help us measure our students' academic success.

## International Baccalaureate (IB) Diploma Results 2017

The MIS Class of 2017 continued our School's legacy of excellent academic performance in the IB Diploma examinations. A total of 94 students were full IB Diploma candidates in the class. Their results reflect the dedication and hard work of the students and faculty and the strong support that these students enjoy from home.

- MIS IB Diploma average score = 34.4 (World average score = 29.9)
- MIS IB Diploma pass rate = 96% (World average pass rate = 78.6%)
- MIS IB Diploma average subject grade = 5.34 (World average subject grade = 4.67)
- 2 MIS students achieved perfect results with 45 points (only 244 students world-wide achieved this distinction) -- Only 0.24% of IB Diploma holders score 45 points
- 14% of subject grades earned by MIS students were a perfect 7

## International Baccalaureate Middle Years Programme (MYP) eAssessment

Munich International School is one of only a small minority of IB World Schools where all students participate in the innovative MYP eAssessments.

- MIS IB MYP Certificate average score = 41.2 (World average score = 35.8)
- MIS IB MYP Certificate average subject grade = 5.67 (World average subject grade = 4.85)
- 99 of 107 MIS candidates achieved the full IB MYP Certificate
- 13 MIS students scored 51 points or higher (highest possible = 56)

Selected subject results:

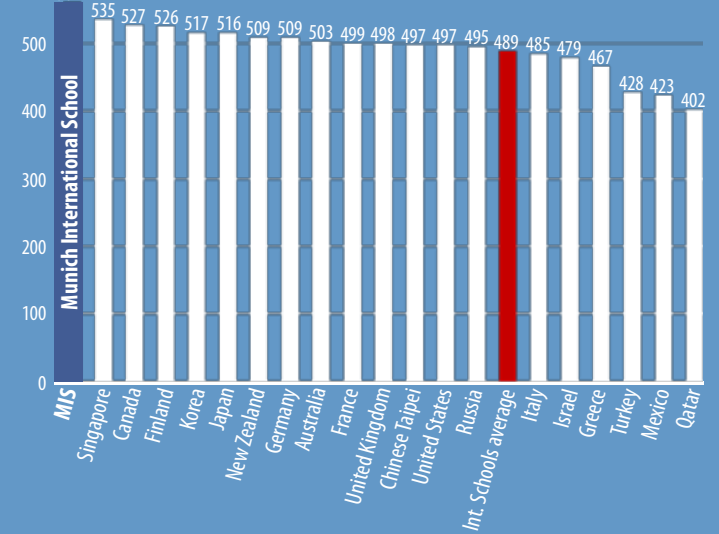

- Extended Mathematics: MIS average grade = 5.30 / World average grade = 3.82
- Science: MIS average grade = 5.10 / World average grade = 4.10
- In 15 of 21 subjects, MIS results were significantly above global averages

## International Schools Assessment (PISA)

Students in Grades 3 through 8 at MIS participate in the International Schools Assessment offered by the Australian Council for Educational Research. These tests are based on the internationally endorsed reading, writing and mathematical literacy frameworks of the Organization for Economic Co-operation and Development's (OECD) Programme for International Student Assessment (PISA).

While our students consistently score above the world average on this assessment, in 2017 Munich International School students set new records for academic performance at multiple grade levels, surpassing previous levels and ranking MIS students' performance in Grade 8 (for example) above those of all national systems, including Singapore and Finland.
