Report on Giving 2016 - 17

---

Oundle Society

---

## Introduction

---

Oundle is a place of generosity in all its forms: generosity of spirit, generosity with time, and generosity to others with the material resources that Oundelians have at their disposal. It is only the latter that can be easily quantified, and it is that against which we report here, but I never cease to be bowled over by the many kindnesses that I encounter in this place and wherever Oundelians gather.

With the SciTec project being completed in September 2016, we focussed our fundraising attention on Bursaries this year, alongside planning for the Sports Centre appeal. And how you responded! Nearly £1m was raised for Bursaries and Scholarships, and the capacity of the endowment fund has grown by roughly the amount required to fund a whole new 100% bursary in perpetuity.

Our fundraising model depends on all contributions of all sizes, and on everyone being as generous as they are able and willing to be. All donations make a real difference to our ability to carry out our long-standing mission to 'provide an education of the highest class' and to make that education as accessible as it possibly can be.

For your continuing support, we thank you from the bottom of our hearts.

Matthew Dear  
Director of Development
